TEKS (7)(D) PARAPHRASING

EXACT TEXT WORKING SHOW TEAL

"retell and paraphrase texts in ways that maintain meaning and logical order"

WHAT DOES THIS MEAN TO ME?

I can say what a sentence means in my own words.
I can reword a sentence so it keeps the meaning, the facts, and the order.
I can paraphrase evidence from a passage and tell explain my own thinking.

KEY DATA

Paraphrasing is NOT word swapping.
Keep the meaning, the facts, and the order.
Change the words and the only the sentence is built.

WHERE IT APPLIES: Any time you read a passage or use evidence from it in your own words.

Run every paragraph through the Paraphrase Check: MEANING ... BOUNDARY ... COMPLETE ... LOGIC ... WORDS. Probed the meaning first, then change the words.
