

RLA Learning LAB, Daily Decks, and your choice of TBASE or OnSTAGE for one teacher and 25 students for one year.

Grades 3 to 8

The screenshots show the following components of the Pick 3 bundle:

- Interactive Reading Tools:** A dashboard for TEKS-aligned reading games. It includes a 'Reading Experiences' section with a 'Prove It!' game and a 'Paraphrase It!' game. The 'Prove It!' game involves reading a short TEKS passage, answering a question, and then proving the answer with evidence from the text. The 'Paraphrase It!' game involves reading a short passage, picking the best paraphrase, and then writing your own. Round 1 is harder as students go, and results show which page to go to.
- Working on retell and paraphrase:** A dashboard for TEKS-aligned retell and paraphrase games. It includes a 'Retell' game and a 'Paraphrase' game. The 'Retell' game involves reading a short TEKS passage, answering a question, and then retelling the story. The 'Paraphrase' game involves reading a short passage, picking the best paraphrase, and then writing your own. Round 1 is harder as students go, and results show which page to go to.
- Life Along the Nile River:** A TEKS-aligned student writing report. It includes a 'Writing Experiences' section with a 'Prove It!' game and a 'Paraphrase It!' game. The 'Prove It!' game involves reading a short TEKS passage, answering a question, and then proving the answer with evidence from the text. The 'Paraphrase It!' game involves reading a short passage, picking the best paraphrase, and then writing your own. Round 1 is harder as students go, and results show which page to go to.
- OnSTAGE:** A dashboard for TEKS-aligned writing and reading platform. It includes a 'Writing Experiences' section with a 'Prove It!' game and a 'Paraphrase It!' game. The 'Prove It!' game involves reading a short TEKS passage, answering a question, and then proving the answer with evidence from the text. The 'Paraphrase It!' game involves reading a short passage, picking the best paraphrase, and then writing your own. Round 1 is harder as students go, and results show which page to go to.
